

# THE PRECINCT STRATEGY

IT STARTS WITH YOU AND YOUR NEIGHBORS

*Grow the Santa Barbara County Republican Party in 5 steps to secure a prosperous and free Santa Barbara County*

## Objective

**1. Discover** the Republicans in your neighborhood via GOP Data Center. Using Data Center, you'll likely discover hundreds of like-minded people literally around the corner from you. You are not alone!

**2. Connect** with your neighbors: Call, text, email, snail-mail, knock on doors and/or put a flyer at the home of voters, inviting them to talk; start with high propensity voters to create a core group.

**3. Activate** your precinct -- discuss ideas, values and action plans at regular get togethers or zooms using a provided, planned monthly theme that will be supported with a media campaign and on the unite2win805 website.

**4. Recruit** volunteers -- have them register using the online volunteer form at [unite2win805.org](http://unite2win805.org) (training is available for all). Find potential candidates to recruit too for better local governance.

**5. Campaign** with your powerful, connected community. Work together to secure a free and prosperous Santa Barbara County.
